

AB Bournemouth Arts by the Sea Festival

25TH SEPTEMBER - 4TH OCTOBER 2020
FESTIVAL PROGRAMME

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

WELCOME

2020 has been a strange and difficult year for many of us, and while we're certainly not bringing you the 10th Anniversary celebration for Arts by the Sea we anticipated, I'm delighted we can present you with an exciting and safe offer of digital and live experiences delivered by an enormously talented cohort of artists and creatives.

The programme this year provides opportunities to reflect, and time to come together after months of isolation and experience something truly magical, hopefully with members of your friends and family.

I'm immensely proud of the festival team who have worked tirelessly to design a new, safe festival format for you this year. I'm also immensely thankful to BCP Council and Arts Council England who continue to support the festival so we can support artists and the community in creating and enjoying cultural activity.

Lockdown has shown us how important it is to be able to bring people together through shared experiences and so we hope you find something in this year's programme to do together and to bring you joy.

Andrea Francis, Festival Director

LIVE EVENT

THE WINDBREAK BY COLD WAR STEVE

Boscombe Beach | 25th September - 4th October | 7:00 - 23:00

Art is making a bold escape from the confines of white box galleries as Cold War Steve embarks on a UK wide, outdoor art installation.

This subversive new voice in the art world is taking a provocative look at the state of art, politics, and the true psyche of post-lockdown Britain through his work, as he literally brings art to the masses with a number of large-scale displays throughout the country.

Birmingham-based artist, Cold War Steve's satirical collages have made him a cult phenomenon, particularly on social media, but he is also highly regarded in the art world being celebrated as the 'Brexit Bruegel' and 'a modern-day Hogarth'. His work can be challenging, provocative and provoke mixed reactions in viewers – and the Bournemouth artwork is already causing debate.

Originally featuring a Bournemouth beach scene on one side, including notable good people, hopeful themes and a giant 'welcome' mat facing the sea, the piece also had a dark side featuring all your favourite villains in a dystopian nightmare complete with evil sand worms and Nazis. The dark side has now been covered for the duration of the Bournemouth leg of the tour because of its potential to cause offence. Head to our 'News' page to understand more about the debate.

No ticket required. The installation is open access for you to visit at any time. Please maintain social distancing around the installation.
